

THE PRECINCT STORY

Welcome to our kitchen, café and concept space. The Precinct Food experience is about great taste, freshness, sustainability, and creativity in food design. That's why almost everything you eat here is handmade in our commercial kitchen.

It's why we are constantly changing things up, and it's why we'll sometimes invite you to try something new. Food can be about more than nourishing our bodies. It's also about sharing and belonging. It's about time, place, context and memory. That's why food can be an experience.

Our venue is available to hire for functions and events.

We also provide catering for all types of functions.

Contact us for more info.
